Savista Retreat

Jaipur, India

This boutique hotel in Jaipur offers guests a 12-acre estate with trees, gardens, and birds, making it a luxury eco-retreat. The hotel is located away from the noise and pollution of the city for a relaxing stay, designed to recharge your soul. They use simple design aesthetics and elements. Each of the rooms are designed differently, drawing on inspiration from nature and the cultural elements of the city with hand-crafted antiques and furniture from Rajasthan.

The retreat believes in farm-to-fork sustainability which means that they grow their own vegetables and grains so that they are free from chemicals and pesticides. They also use well-drawn water, biomass fertilizer, and solar energy for heating. They also have a clean and pure swimming pool for guests to enjoy. The hotel works closely with the community to share produce and provide employ opportunities for locals.
